I'll make it through the rainy _____
I'll be the one who stands here _____ than the rest
When my landscape changes, rearranges
I'll be _____ than I've ever been
No more stillness, more sunlight
Every thing's gonna be alright

I know that there's gonna be a change
_____ find your way out of your fear
If you wanna come with me
Then that's the way it's gotta be

I'm all alone and finally I'm getting _____
You'll come to see just what I can be
I'm getting _____

Sometimes I feel so down and _____
Like emotion that's been captured in a maze
I had my ups and downs, trials and tribulations
I overcome it day by day
Feeling good and almost _____
A new me, that's what I'm looking for

I know that there's gonna be a change
_____ find your way out of your fear
If you wanna come with me
Then that's the way it's gotta be

I'm all alone and finally I'm getting _____
You'll come to see just what I can be
I'm getting _____

I didn't know what I had to do, I just knew I was alone
People around me but they didn't _____
So I searched into my soul

I'm not the type of _____ that will let them see her cry
It's not my style, I get by
See I'm gonna do this for me

I'm all alone and finally I'm getting _____
You'll come to see just what I can be
I'm getting _____

I'm all alone and finally I'm getting _____
You'll come to see just what I can be
I'm getting _____
