Stay with _____
Don't fall asleep too soon
The angels can wait for a _____

Come real close
Forget the world _____
Tonight we're alone
It's finally you and I

It wasn't meant to feel like _____
Not without you

Cos when I look at my _____
How the pieces fall into place
It just wouldn't rhyme without _____
When I see how my path
Seem to end up before your face
The state of my _____
The place where we are
Was written in the _____

Don't be afraid
I'll be right by your side
Through the laughter and _____
Together we're bound to fly

I wasn't meant to love like this
Not without _____

Cos when I look at my life
How the pieces fall into place
It just wouldn't _____ without you
When I see how my path
Seem to end up before your face
The state of my _____
The place where we are
Was written in the _____

I made a few mistakes, yeah

Like _____ we do

Been through lot of _____
But I made it back to you

Cos when I look at my _____
How the _____ fall into place
It just wouldn't rhyme without you
And when I see how my _____
Seem to end up before your face
The state of my heart
The place where we _____
Was written in the stars

When I look at my life
How the pieces fall into place
It just wouldn't _____ without you
When I see how my path
Seem to end up before your face
The state of my heart
The place where we are
Was written in the _____

The state of my heart
The place where we are
Was written in the _____
