And so we talked all night about the rest of our lives
Where we're gonna be when we turn _____
I keep thinking times will never change
Keep on thinking things will always be the same
But when we leave this year we won't be coming back
No more hanging out cause we're on a different track
And if you got something that you need to say
You better say it right now cause you don't have another

Cause we're moving on and we can't slow down
These memories are playing like a film without sound
And I keep thinking of that night in June
I didn't know much of _____
But it came too soon
And there was me and _____
And then we got real blue
Stay at home talking on the telephone
And we would get so excited and we'd get so scared
Laughing at ourselves thinking life's not fair
And this is how it feels

As we go on
We remember
All the times _____
Had together
And as our lives change
Come whatever
We will still be
_____ Forever

So if we get the big jobs
And we make the big _____
When we look back now
Will our jokes still be funny?
Will we still remember everything we learned in school?
Still be trying to break every single rule
Will little brainy Bobby be the stockbroker man?
Can Heather find a job that won't interfere with her tan?
I keep, keep thinking that it's not _____
Keep on thinking it's a time to fly
And this is how it feels

As we go on
We remember
All the times _____
Had together
And as our lives change
Come whatever
We will still be
_____ Forever

La, la, la, la:
Yeah, yeah, yeah
La, la, la, la:
We will still be _____ forever

Will we think about tomorrow like we think about now?
Can we survive it out there?
Can we make it somehow?
I guess I thought that this would never end
And suddenly it's like we're women and men
Will the past be a shadow that will follow us around?
Will these memories fade when I leave this town
I keep, keep thinking that it's not _____
Keep on thinking it's a time to _____

Questions

1. When will you graduate?
2. When will you finish school?
3. Who is your friend?
4. What do you like about school?
