

Name: _____

Date: _____

The Human Body

Our body has lots of bacteria species. Divide the body into 6 parts. Colour the 6 parts in different colours. To do this, find the percentage of bacteria species.

For example: $33,627 \div 54,351 =$

SPECIES OF BACTERIA

Large intestine: 33,627

Tongue: 7,947

Throat: 4,154

Other: 4,000

Behind the ears: 2,359

Nostrils: 2,264

Total: 54,351
