**Read the paragraph. Find the text and answer the questions.**

Texas is the second largest state in the United States. Texas is also second when it comes to the number of people living in the state. On December twenty ninth, two thousand and twenty, Texas will be one hundred and seventy five years old. The huge state of Texas gives us many things to eat and use. Many farmers raise cattle for beef and milk. There is much oil in Texas. Oil is drilled out of the ground and used for gas and plastic items.
